"I have known Paul Solomon for innumerable years and have followed his growth, his spirituality, his development and his work over the last decade. I have been impressed with his clarity, with his vision and with his ability to communicate and share with others"

Elisabeth Kubler-Ross, M.D.

WREKIN TRUST

"I have heard him many times both in his own conferences and at my Wrekin Trust events in England, and, indeed, I shared the platform at his very first appearance in this country. He is a brilliant, powerful and inspiring speaker who can always captivate his audiences."

"He is one of the greatest orators of our time and is deeply involved in the Spiritual awakening now taking place. His speeches have a professionalism based on long experience and a fine command of language."

Sir George Trevelyan, Bt. M.A.

GERALD D. JAMPOLSKY, M.D.

"I have known Paul Solomon for many years and have been on a number of conferences with him. He has been a most dynamic speaker and has a magnetism about him that has offered great spiritual nourishment, help; and hope to the audiences. He is one that would surely stimulate any audience. I recommend him most highly as a public speaker."

Gerald Jampolsky, M.D

"I just can't imagine having to live the rest of my life without the information I got from my Paul Solomon Reading."

Houston, Texas

"I've waited years to become clear on my real purpose. Inside me somewhere I know that I knew. I just had to get the clarity to get on with my life."

Dallas, Texas

"I can't begin to tell what it meant to me. I just knew when I heard it that it was absolute truth. It was like remembering something I had forgotten long ago."

England

"What was it like? Well, it was just truth. It was undeniably the truth. There was no guessing. I absolutely knew it was the truth for me."

Ontario, Canada

"Just the difference in my life now and the way I approach my profession is incredible. It was something I had to know. There was a part of myself I never liked. Now I understand why I was made the way I am and it's actually an asset. I always thought it was a liability. But I don't just believe that because the Reading said it. It's just absolutely the truth! It makes my job with children so much easier to do. I can actually accomplish things I never let myself even dream of before."

Toronto, Canada

"There's just something about knowing it's absolutely the truth. That's what it meant to me. From the first word, it's like there's no doubt. Something in me already knew it. It's worth thousands upon thousands of dollars to me. I can finally do a work that I always felt I was supposed to do but I never would have had the nerve to make this move without such a strong confirmation. And Paul had no idea, nobody did, what I was dreaming of. And here I was told to do it and how to go about it."

Dallas, Texas

"Now I understand my son. I know now exactly what was wrong. I could never get clear answers about what it was or how to deal with it. Now I can communicate with my child. Thank God for this opportunity."

Kenya

"You wouldn't believe what happened! The Reading was for me but it gave so much information for my daughter. She didn't believe in this at all but now she can't help believing. What she was told would happen, happened the very next day! and it was wonderful for her and for me."

Melbourne, Australia

"Paul's Reading told me about a dream I had years ago. It was a recurring dream I had never told anybody. In fact, I was ashamed of it. I didn't understand it. The Source not only told me about my dream, but gave the meaning. It changed my life, to say the least. It was nothing to be ashamed of. It was something I needed to know."

"I've been waiting forty years to hear those words."

New York City, New York

"Believe it or not, I was told that my mother would die soon. She didn't appear to be sick but it let me know so I could take action. It was gentle and careful, but clear. If I hadn't gotten this Reading, there would be so many things left unsaid and undone. Really important things. And the thing is, my mother knew and couldn't tell me. I know it's very unusual for The Source to predict a death but this was absolutely a blessing. Thank God I was prepared."

Philadelphia, Pennsylvania

"God, you just don't know how much guilt it took off me. I needed that so much. It was crippling me."

"We knew something was wrong. He would just stare into space for a moment but it was never diagnosed, though we tried many times. Our doctor says we're lucky we learned it was Petit Mall seizures because it would have gotten much worse. Now he's getting the proper treatment. We understand you're not a doctor and you can't make a diagnosis but you made it possible for our doctors to verify a diagnosis. Thank you!"

Canada

"You said I would heal with my music. Well, guess what? I just got a job as a music therapist in a drug treatment center. It's infinitely better than what I was doing with my music."

New Mexico

"I was sixteen when my mother got you to do the Reading for me. Now I'm practicing in a teaching hospital and doing exactly the research you said I would do. I owe years of my life to you. The best part is, I know it's exactly right for me and I never would have done it without your reading."

Physician in Australia

"The Reading was given me as a birthday present. I was working in New York City. You said I would be in politics in Australia! It was a ridiculous joke at the time. You never met me until you came to Australia. Then you lectured for my Political Science Class at The University of Adelaide! I'll bet my story is the strangest of all."

Australia

"I would have killed myself if you hadn't shown me the way out. I love you more than I can say."

Sidney, Australia

"I know it was hard for you to tell me that both my husband and my son were involved in serious crime. The most unbelievable part is you knew my husband would pass away before the trial and that would allow my son to avoid serious responsibility and you gave my son the strength to tell the truth. Please keep the Reading sealed but it is alright to say just this much. God bless. It's been hard for all of us but what you've done is just unbelievable."

"I found records of my own past lifetime in England. The Unitarian Psychic Research committee has verified detail after detail that you mentioned. I've even found the grave in Venice, Italy. I'm sending you a picture of a carving of my face then and now for comparison. The incidents of this lifetime that are such parallels are incredible."

Physician, New Mexico

"How I wish I'd followed all of my reading and not just part. Please tell people to take it seriously. I could have saved my son a lot of pain. I was really angry when you suggested he would need psychiatric treatment. Now he's all right but it could have been much easier. You said he could avoid surgery by doing the eye exercises. I was interested in psychic things at the time but I didn't really take it seriously. We could have avoided the surgery. I realized that when the surgeon gave us the same set of eye exercises after the surgery."

What a difference to find your way and to get instructions in how to prepare and how to do it. There is no way I can ever repay you for the difference you've made in my life."

Houston, Texas

"You gave me permission to be a star! I had the talent and the opportunities but if you hadn't told me that, I wouldn't be where I am now."
